### **An Introduction to International Institutional Law ...**

Introduction. It is one of the more settled principles of international law, as authoritatively formulated by the Permanent Court of International Justice in the classic Chorzow Factory case, that a violation of international law entails responsibility and the obligation to make reparation in one form or another. When it concerns the activities of states, the basic rule is, all sorts of difficulties notwithstanding, relatively straightforward: states are responsible for internationally ...

### **An Introduction to International Institutional Law**

An Introduction to International Institutional Law International organizations often have to compete with those very states that created them.

### **An Introduction to International Institutional Law**

International organizations are unusual creations: generated by and for their member states, they must also often compete with member states. This complicated relationship leads to some uncertainty in the law, and the legal argument of an organization may often be counterpointed by an equally valid argument from a member state.
