Hearing Aid Informational Videos | Costco

For instance, if you use your volume control on your Bernafon hearing aid to turn down the sound in a noisy environment, the first thing it does is to drop the low-frequency amplification. It does this on the basis that most noise is low frequency and turning it down a bit might give you a better chance at understanding speech.

Bernafon and why I was wrong about them

I purchased a Bernafon hearing aid for my mother through Manas Speech and Hearing ., Delhi. The machine price was Rs40,000/- (Battery 13, do not remember the model's name). The first machine went 'dead ' within two months. The agency changed this hearing aid. The changed machine also went dead in no time.
