societal goal. With the coming era of industrial revolution 4.0, UMP has creatively design courses which are not typical of the convention that is to confine to the four-walls of the classroom; example Industrial PhD, Global Classroom, MOOCS and on line teaching.

Rules and Guidelines for Postgraduate by Research

One of the main forms of communication in engineering is the technical report. In the workplace, the report is a practical working document written by engineers for clients, managers, and other engineers. This means every report has a purpose beyond the simple presentation of information. Some common purposes are: To convince the reader of ...
