There are few books that meet the test, but Kevin West's Saving the Season is one of them (Harold McGee's On Food and Cooking, oft-quoted in this book, is another). West understands, rightly, that cooking is an intensely personal and cultural pursuit--the sterile lists of measurements and cooking times of so many cookbooks do little except give us formulas for caloric intake.

phrase at the end of the recipe: "Adjust seasonings to taste." If we don't know what the dish is supposed to taste like, how are we supposed to season it? Well, here's what we've learned to do! When we are almost finished cooking and it comes time to check the seasonings, we always follow this checklist: 1.
