Add To Cart. VAS 6161 Battery Tester Instruction Manual. Standard minimum 5 day lead-time. The new battery tester VAS 6161 is the successor unit for the MCR340AKT and MCR340VKT testers previously used. VAS6161 uses a measuring principle of dynamic conductance detection. This has the decisive advantage of not placing the batteries under load, thus making several measurements possible without having to recharge the battery.
