Development in Western Europe from 1750 to the Present 2nd Edition by David S. Landes (Author)

The Unbound Prometheus: Technological Change and ...

The Unbound Prometheus is David Landes' unequalled history of The Industrial Revolution—capitalized, as in what happened starting in England in the 18th century where human and animal power was replaced with steam power, the expertise of the craftsman was broken down into parts that could be performed by machine or low-skill workers being carefully managed in a factory, and the extraction and processing of ores and chemicals became the basis of production; in fact, improvement of technology, cha
